What is The MixX Project at Mounts Bay Academy?

The MixX Project is the alternative sessions that students can access outside of the curriculum.

These happen before school, at lunchtime, after school and some even happen in the evening or at weekends.

This booklet highlights all of The MixX Project sessions available to students this Autumn Semester.

The majority of The MixX Project sessions operate on a 'just turn up' basis, however some clubs require prior booking so please see the teacher in charge, or email them to check.

There really is something for everyone and the expectation is that all students will participate in some of these opportunities. Students will obtain Vivo points for attending clubs. These activities will also contribute to the Half Colours and Full Colours awards and can be carried forward through the year.

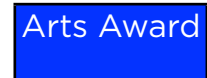

We operate late buses that leave the bus bays at the front of Mounts Bay every evening at 4.30pm. Students must book with Compass staff as places are limited and they run on a 'first come first served' basis.

The activities in this booklet have been colour coded so you know where you can gain hours towards your full or half colours, which sessions are there to support your learning and which allow you to develop your social and cultural skills. The following highlights are used -

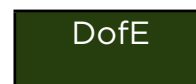

To gain your Half or Full Colours Awards, you will be asked to give a short account of the activities you attended, so it would be useful to keep a log of the things you do and learn this Semester to help with your portfolio of evidence.

Some sessions are held for students involved in the Arts Awards sessions. These are highlighted -

Duke of Edinburgh's Award Scheme

For students following the DofE awards there is an opportunity to gain valuable skills by being involved in a mix of activities. Speak to your DofE mentor to discuss where you can pick up credits.
