

Special Educational Needs and Disabilities Information Report September 2026-27.

Government Legislation requires us to publish a report called the SEND Information report (which complies with section 69 (2) of the Children and Families Act, 2014, the Special Educational needs and Disability regulations 2014, and the SEND Code of Practice January 2015).

Mounts Bay Academy has an inclusive philosophy, you can attend Mounts Bay Academy if you live in our locality irrespective of any disability and/or special need. We recognise that our students, visitors and staff, whether having a special educational need, being disabled or otherwise, have individual additional and different needs when using the Academy and its facilities. As part of this, we also recognise that for some students the nature of their needs or disabilities may mean that they experience specific difficulties relating to their access of education, and the physical environment of the Academy itself. As part of our work, both as professionals and people, we are committed to delivering inclusive educational provision, where our students with disabilities or additional needs enjoy equal opportunities to succeed and thrive within not only the physical environment of the Academy itself but also within the curriculum, the local and wider communities, and when they go on to their next steps in their education journey.

This SEND information report is co-produced by the SENDCo, Principal, Senior Leadership and SEND teams, it incorporates our Academy offer, which lays out provision available for students with Special Educational Needs and Disabilities here at Mounts Bay Academy.

The name of the Operational Special Educational Needs and Disabilities Co-ordinator (SENDCo) for Mounts Bay Academy is Miss Claire Drew, she can be contacted on 01736 363240 or cdrew@mountsbay.tpaacademytrust.org (she works every day of the week), the name of the Executive Secondary SENDCo for TPAT is Mrs Vikki Rolls, she can be contacted on 01736 363240 vrolls@tpacademytrust.org (she works every Monday and Thursday)

Mounts Bay Academy is set out for all students to succeed. With students being assigned to an individual tutor group, year group and to one of the houses we ensure that a sense of belonging is developed for all our students. We endeavour to ensure all our students progress in all areas of school life; we work in collaboration with parents/carers and students, to make sure this happens.

We therefore ensure that students who have a special need are able with intervention, support and personalisation to achieve their full potential. Our SEN staff are deployed to offer the best and varied intervention possible in order for students to be able to make progress. Every SEN student has access to a Deputy Head of Year, pastoral lead for the year group, who will act as a link to teaching staff to enable any barriers to learning to be overcome.

Our Local Offer is information for the parents/carers of children who have Special Educational Needs and disabilities (SEND) and all those who support children with additional needs. This information outlines the support and provision they can expect to receive, if they choose Mounts Bay Academy for their children.

The named SEN Governor is Mrs Jo Atkinson

The levels of support and provision offered by our school

All classes are fully inclusive, support for children and is determined by individual need and circumstances. We have high expectations for all our students and we aim to fully extend their academic and social development. At Mounts Bay Academy students may receive varying levels of support according to their changing needs and circumstances. The information in the table below is a guide to the 'typical' levels of provision, as such levels of support and provision will vary across time for individual children in response to their individual needs.

The levels of support and provision offered by our academy

1. Listening to and responding to children and young people

Whole school approaches The universal offer to all children and YP. 	Additional, targeted support and provision 	Specialist, individualised support and provision 
• The views and opinions of all students are valued. • Students voice is represented in all aspects of the academy. Student voice is heard through: - Co-production - Consultation - Focus groups - Questionnaires - Junior Leadership Team - House Representatives - TEP survey - Student parliament - Heads of Houses	• Students with SEND are included in all consultation groups. • Additional provision is developed in light of student voice. • Children set their own targets during reviews. • Reviews with student and tutor, with APDR reviewed every term with student and form tutor. • Student voice with termly SEND student panels held. • Use of positive behaviour reports if needed.	• Individual support is responsive to the views of the student. With access to interventions and iCollege being available to students with needs with a bespoke timetable being available. • Students in iCollege have half termly meetings with mento, parent and student • Students' views are an integral part of TAC meetings and SEN reviews. Allowing children to voice their own perceptions regarding learning.

- Parents evening Through having all these positions, all students have the opportunity to share their ideas about the academy.	• Year 11 progress monitoring and support with senior team where vulnerable students identified.	• Students are supported in personalised centered planning and target and outcome setting. • Advocacy is available to ensure the above. • All documentation is presented in a format that is accessible to the student. • Individual personalised timetables where appropriate. • Students can access Triage, reset and Refocus and speak to individuals who are there to support • Students are given the right to reply and reflect if a situation has arisen • Access to an Autism Champion to be able to gain the views of students with communication difficulty • Referrals to Communication and Interaction Team within County if needed in order to gain student views • Targeted Youth Drop in Clinics for students
---	--	--

2. Partnership with parents and carers

Whole school approaches The universal offer to all children and YP 	Additional, targeted support and provision 	Specialist, individualised support and provision 
---	---	---

• The school works in partnership with all parents and carers. There is a PTA for all parents to be able to become involved with • The parents/carers of all students attend parent/carer evenings. • Students' tracking reports are sent home twice a year. • Parent/carers know whom to contact if there are any concerns (the child's tutor). • The virtual learning environment, blogs, facebook, twitter and/or website, enables parent/carers to understand more about what their young person is learning. • The Newsletter is published weekly. • Email is part of the regular service to and from parents. • Firefly access is available to students, staff and • Parents/carers so the curriculum can be seen by all. • Arbor is also used to communicate homework, achievement and behaviour to parents. • Each lesson's work is available via the online platforms. • Arbor is used to communicate any important information. • Year 6 open day and evening.	• Families are invited to attend information sessions re: supporting their young person at home e.g. literacy and numeracy skills, independent homework, skills needed to support successful examination arrangements • Parents are informed as to when changes are happening to their child's provision and what intervention is being put in place. • Parents are able to contact school with concerns at any time, and an appropriate person will aim to contact them as soon as possible. • Parental meetings with tutors, heads of year, Pastoral support, SENDCo, SLT, DSL, and Principal as appropriate. • Close working relationship between Attendance Officer and Lead and local Education and Welfare officer. • Police Community support and Liaison officer involvement. • Reviews with student and tutor, with APDR reviewed when needed with student and form tutor, at least termly. • SEN parent cafes are put on half termly by the SEN team	• Parent/carers are supported in attending, and are actively involved in, all TAC meetings and SEN Annual Reviews. • All documentation is presented in a format that is accessible to individual parents. • Home/School Link Diary is supplied for specific individuals where more contact is necessary • Parents have contact with Heads of Year. They can discuss the provision that is being put in place and how they can support the education plan at home. • Parents/carers are invited to meetings with the Heads of School/SENCO/Heads of Year, and Teachers • Referrals to support families from the Early Help Team can be made by school staff • Autism In Schools Team come to school every half term and can be available to meet parents County's support colleagues can attend meetings • Meetings for various support measures such as: - EHC plan annual review meetings. - Common Assessment framework referrals (CAF process).
--	---	---

• Parent information and settling in evenings, with meet the tutor, for all year groups. • Year 9 Options evening. • Parents' evenings, where parent questionnaires are given out • Year 11 invitation only parent evening in addition to an earlier year 11 parents evening for all. • School website. • Celebration of achievement evening and year 11 ball.		- Team around the Child (TAC) meetings. - Child in Need (CHIN) meetings. - Child Protection (CP) meetings. - Child in care (CIC) meetings, and designated teacher for children in care (DTCIC) in place. • Regular contact with parents and carers as required. • Referrals to external partner agencies. • Signposting to the Care in Cornwall (Cornwall Family information service, SENDIASS team and other appropriate external agencies.
---	--	--

3. The curriculum

Whole school approaches. The universal offer to all children and YP	Additional, targeted support and provision	Specialist, individualised support and provision
		
• The curriculum is designed to ensure the inclusion of all students. • All students, regardless of their ability and/or additional needs, have full access to the curriculum. • Assessments (including dyslexia screening/Cognitive Ability/NFGER) are used to identify students who need	• Students have the opportunity to access a bespoke curriculum which are needs led. • The progress of students taking part in intervention groups is measured on a regular basis. • The intervention packages are adapted considering student progress.	• Students are supported in following their interests and their chosen curriculum, regardless of their SEN and/or disabilities. For example, a student with a physical impairment is given the support they need to access GCSEs. • Students with special needs and/or

specific interventions. • The lessons are carefully planned to include clear stages, regular progress checks and different learning styles. • There is detailed planning for all subjects. • Students are grouped within lessons to support their learning. • A range of learning styles are used with in classrooms. • Learning Targets and clear outcomes are displayed and discussed, these are also referred back to during the lesson for students to be aware of what they are learning. • Differentiated Success Criteria are displayed and referred back to. These are linked to the ability levels of the students within the room. • Ongoing assessment of pupil's progress and attainment. • Peer Assessment is also a regular feature. • Target grades and current working levels are shared with students. • Literacy and numeracy is a focus. • Literacy strategies are being developed across the school with all staff supporting students on basic punctuation and literacy skills. • Effective ICT across the curriculum. • Use of iPads	• Small group intervention includes: - Literacy – reading, comprehension - Numeracy - Speech and language - Study skills - Social skills - Dyslexia - Lexia - Read, Write, Inc - Self management - Exam preparation - Functional Skills • Curriculum provisions which include small group work and specialised interventions either in departments or in iCollege. • Sparx reader to help support literacy and promote a love of reading.	disabilities can access the curriculum with adult support as appropriate. • In exceptional circumstances students can be extracted from some subjects. This must be agreed by all parties involved. • Ongoing review of Pupil Passports • Regular contact with parents via a Home/Link Diary • Support from specialist professionals • Multi agency meetings to review areas of difficulty and levels of support • Differentiated timetable and activities • 1:1 tuition as appropriate • Autism Champion working alongside the ASD team • Additional Sensory input in collaboration with the Occupational Therapy Service/ EP service/ Outreach Service • Alternative provision options with local short stay school providers, or external provisions. • Students based in iCollege will follow a bespoke curriculum personalised to their needs. • We have TIS trained practitioners who offer TIS therapy to identified students. • Students have access to Access Arrangements which is their usual way of working so they can access the curriculum
---	--	--

• Opportunities to learn through individual and group discussion. • Opportunities to work independently. • Opportunities to work collaboratively. • Opportunities for reflection on work by students and staff. • Whole academy rewards/ behaviour policy. • Structured routines followed.		• Use of iPad • Access to work experience to support the needs of the young person • Where identified, students can be supported by additional provisions as funded by County
---	--	---

4. Teaching and learning

Whole school approaches The universal offer to all children and YP	Additional, targeted support and provision	Specialist, individualised support and provision
		
• The whole school uses a 'dyslexia friendly' approach to teaching and learning, where differentiated teaching and outcomes are used to ensure the progress of all students. • The lessons are carefully planned to include clear stages, regular progress checks and different learning styles. • Mixed ability groupings to promote progress. • The Learning Target is displayed, discussed and referred back to during each half term.	• Class teachers and teaching assistants share information and lesson plans to ensure that students with SEND have targeted support and provision. • Teaching assistants/class teachers work with small groups to: - Ensure understanding - Facilitate learning - Foster independence - Keep students on task. • If the class teacher is working with a small group the teaching assistant supports the class with tasks already	- Personalised and highly differentiated work is provided enabling independent learning. - One-to-one support is in place for students who need more intensive support, e.g. for those with physical disabilities, sensory loss, speech and language difficulties, autism, severe literacy difficulties/dyslexia. - Outreach from special school requested for advice on teaching and learning. - Teaching at times can be in separate rooms / areas of school

• Preferred learning styles are used frequently. • Learning Targets are displayed and discussed, as well as frequently revisited during the lesson and reflected on. • Differentiated Success Criteria is displayed. • Students' work is live marked where possible so feedback is instant • Literacy/Numeracy is a priority for all staff: key vocabulary and key terms should be displayed and discussed. • Alternative ways of recording are used. • Opportunities for self-assessment and peer assessment • Effective feedback is used to move pupils on in their learning. • Structured environment within each class • Consistent routines and systems across the whole school. • Whole class, small group, partner and independent work. • High expectations are made explicit. • Time for reflection and response • Homework is set through Arbor. • School holds regular trips for the children • Subjects include outdoor trips and visits from outside speakers. • Access to online learning.	set by the teacher. • Independent student learning is supported by the use of technology, • Special examination arrangements are put in place for internal KS4 and external tests and examinations (readers scribes etc.), • Additional visual clues and guidance • Individuals targeted questioning • Time and support given before responses are required. • Pre-teaching is used to support children preparing them for their learning	- Specified/Identified time with class peers - Access to identified resources such as iCollege. - Advice and support from external specialist i.e. Autism advisor, Educational psychologist, Speech and language therapist, etc. - Access to iCollege for a bespoke provision and small group activities
--	---	---

• Class and academy expectations are consistently emphasized and a positive approach to these is always adopted. • Homework support is available in the homework club. • PACE strategies used in lessons. • Clear and consistent behaviour policy embedded and applied school wide. • Whole school staff SEND training and information sharing, including updated training on the graduated response and Assess Plan Do Review cycle, with tutors helped in co-constructing students individual APDR targets. • Whole staff training on ASD. • Regular SEND briefing with updates for whole staff.		
--	--	--

5. Self-help skills and independence

• Whole school approaches • The universal offer to all children and YP • 	Additional, targeted support and provision 	Specialist, individualised support and provision 
• Technology is available to aid independence e.g.IPAD • Tutors support students to ensure that they have the right equipment with them	• Where teaching assistants are in the classroom they facilitate independence. • Students have personalised equipment to help them to learn, such as overlays.	• Teaching assistants working one-to-one with students encourage them to be specific about what they need help with, along with asking them what they

in order to be independent within the lessons. • All students can access a regular homework club. • Adult modelling of expectations and interactions • Students with specific responsibilities • Regular RSE lessons weekly at KS3 and fortnightly at KS4. • Independent work opportunities • Consistent routines and behaviour expectations • Whole school rewards and behaviour policy using E Codes, HPL stickers, Divincis, Postcards home. • Half colours Rewards • Full colours Rewards • House Points are used to reward self-help skills and independent learning • Medical protocols in place • Wide variety of extra-curricular activities, through the MIXX curriculum enrichment program. • School nurse drop-in and referral system. • School accessibility plan. • Work experience program for students in year 10, and careers planning and next steps programmes as part of RSE. • GDPR compliant. • Adventure learning week to ensure our students understand the importance of	• Technology is available to aid independence e.g. voice recognition is available on all school iPads • Students have access to: - Visual timetables - Passports - Task cards - Prompt cards - Traffic light system - Leave lessons five minutes early - Time Out cards • Access to the pastoral for support • Access to our in school Careers advisor • Careers support within County offering in school targeted support. • Parent cafes every half term	have done already to find the help for themselves, e.g. asked peers, checked books, etc. • Additional support is shared to build resilience in the young person, so that they have self-coping strategies when and if the teaching assistant is absent • Personalised timetables are in place to support. • iCollege available to students who find accessing mainstream lessons difficult where there is a teacher and iCollege Mentor • Where teaching assistants are in the classroom they facilitate independence. • Students have personalised equipment to help them to learn, such as talking tins, overlays, and timers • Students have access to: - visual timetables - task boards - prompt card - traffic light system - Time out cards - Report cards • Intimate care plans following advice from professionals aiming towards independence. • Communication aids • Individual visual timetable/ schedule
---	--	--

creativity and resilience, linked to the RSE curriculum.		• Break and lunchtime supervision where appropriate, in the Compass centre if needed. • Referrals to external agencies, community groups and social inclusion schemes. This includes working with professionals in school time as and when needed. • Where needed students will be offered support to attend the lesson 0 or 5 • Weekly work with the Visual support team, and termly involvement with the Hearing support team. • Weekly work and support from the Autism team, including small group workshops for KS3 and KS4, Parent cafes, and Transition cafes • Access to Triage, Reset and Refocus as and when needed
---	--	--

6. Health, wellbeing and emotional support

Whole school approaches The universal offer to all children and YP 	Additional, targeted support and provision 	Specialist, individualised support and provision 
---	---	---

• RSE lessons include all students. • Tutor programmes are followed in Tutor time • School Prefects are used to support students in ensuring that they feel safe • Students have access to the school nurse. Answers to Frequently asked Questions

Below are examples of questions that parents may ask a school. Schools are encouraged to create their own questions with the parent/carers of children or young people attending that school.

1 How does your school know if children/young people need extra help?

This may be passed on through the feeder school (through Primary Transition). This can also be communicated by parents if they have any concerns. However, as a school we also use data and student current performance to identify if students are underperforming and, therefore, may need additional support. Teachers and Head of Houses can also refer a student to the SEND team if they feel that additional support is needed.

2. What should I do if I think my child may have special educational needs?

Contact the SEND team to share your concerns. We will then discuss with you the options available to you and your child. Please contact the child's tutor in the first instance or the Director of Progress. If you would like further guidance, you can contact the SENDCO for further support.

3. Who is responsible for the progress and success of my child in school?

We are all responsible for the progress of a child and work as a team to support them. This team consists of: the teacher, the student, the tutor, Heads of Year and parent or carer. Other people may become part of that team (for example the SENDCo) depending upon the child's needs.

4. How will the curriculum be matched to my child's needs?

Students are supported to choose the right pathway for them when they make their option choices in Year 8. A member of the Senior Leadership Team and the child's tutor will support you and your child in this process. Students with specific needs may also have a personalised timetable in order to support their success.

5. How will school staff support my child?

There are many ways in which we will support your child. Each student has a tutor who, alongside their Head of Year, will work with your child and you to look at the holistic picture. All staff plan lessons around the individual needs of the children within the lesson. Depending upon your child's needs, additional people may then become involved.

6. How will I know how my child is doing and how will you help me to support my child's learning?

You will receive at least twice a year a report that shows you how your child is achieving. You will also foster a strong relationship with the tutor and will be encouraged to contact to discuss any concerns. Parents evenings also take place throughout the year to discuss achievement. The school planner is also a home/school communication tool and can be used to support discussion.

7. What support will there be for my child's overall wellbeing?

The tutor has a significant role in supporting your child's wellbeing. They will see your child every day and will be able to spot any concerns. They are also the person in school who other staff communicate with to share any concerns or positives. If a concern is raised, this will then go through a process where we put in place interventions to support the child in their wellbeing.

8. How do I know that my child is safe in school?

As an academy we have risk assessments surrounding our environment. There are clear rules and boundaries that all students and staff must adhere to. Students are informed of these in their first few days in school. All students are reminded of these rules as well. However, to ensure that we can continue to safeguard your child, it is important that all contact details are kept up to date with the academy so that we can contact you in the unlikely even of an emergency.

9. What specialist services and expertise are available at or accessed by your school?

We access a range of specialist services, as well as provide many by the staff that we have trained within the school. These are summarized in the table above. However, we are a continually changing school and actively look for training opportunities for members of staff. We have in place an Autism Champion to support students with this specific special educational need.

10. What SEND training have the staff at school had or are having?

Teachers and support staff have an ongoing training programme and we have received training support from the Cognition and Learning Team, ASD in Schools team

11. How will my child be included in activities outside the classroom including school trips?

All children are invited to take part in extra-curricular activities. This includes Project Week at the end of each semester and Adventure Learning Week at the end of the year. If there is a concern with a child accessing the trip, a risk assessment will take place and we will look for solutions to support. This might be someone from an external provider coming in, or a member of staff being put onto the trip to support the child and their needs. We are an inclusive school and feel passionately that this also includes trip, visits and other extra-curricular experiences.

12. How accessible is the school environment?

The school is an open site with outside spaces between each of the main buildings. All buildings are accessible on the ground level and all first floors are accessible. We have put in stair lifts to support students in accessing upstairs in all other areas of the school. There is also a lift to access floors in the tower block. All outside parts of the school are accessible through ramps.

13. How will school prepare and support my child through the transition from key stage to key stage and beyond?

We work carefully with the primary schools to ensure that information is passed from Key Stage 2 to 3. Students are then invited to attend additional days to get to know the school. We also ensure that the first day of the school year is only with Year 11 students so that new Year 7 students can ease in. With Key Stage 4 to 5, the colleges come to share information about open days with students. Students are also able to and complete a day in Cornwall College as a taster for the different courses that they might be interested in. The college is also invited to their Annual Review and additional visits are arranged as well.

14. How are the school's resources allocated and matched to children's special educational needs?

Depending upon the needs of the child, the student will have a personalized resource allocated to them. Students with EHCPs will have a Learning Support Manager that will ensure that their special educational needs are being met and reviewed throughout the year. If a student is underperforming and needs additional support, there will first be identification as to why they are underperforming and then the right intervention will be put in place to support.

15. How is the decision made about what type and how much support my child will receive?

This is completed on an individual basis and will depend upon the achievement of the child. Again, a case-by-case basis will mean that a personalized intervention will be planned around the specific child's needs. Students who have specific funding due to their EHCP will have this money spent on resources for them.

16. Who can I contact for further information?

In the first instance, it is best to contact the Tutor with your query. We can then ensure that the right person is asked to contact you. This might be the SENDCo or Head of Year.

17. What should I do if I feel that the Local Offer is not being delivered or is not meeting my child's needs?

You should contact the SENDCo, Head of Year to discuss your concerns.

18. How is your Local Offer reviewed?

The local offer will be reviewed annually.
